BANDERA COUNTY

LAKEHILLS CIVIC CENTER PROJECT

Making Things Happen

Partners:

Medina Lake
Betterment Association

Funded by:

San Antonio Area
Foundation

Krokosky Charitable
Foundation

The Alamo RC&D Area together with the Medina Lake Betterment Association received grants from the San Antonio Area Foundation for \$8,500 and from the Kronkosky Foundation for \$61,359 to renovate the Lakehills Civic Center.

The center services a population of 4668 in the rural areas of Lakehills, Pebble Beach, Mico, Lakewood Estates, Lakewood Park, Alamo Beach and Pipe Creek in Bandera County. The grants provided the opportunity to renovate the facility by rebuilding the stage area, adding air conditioning. This included upgrading some of the electrical and plumbing systems and additional work needed in the kitchen facilities.

The improvements enables the Medina Lake Betterment Association to offer recreational programs, exercise programs, arts/theatre performances, pet vaccination programs, community events, and a meeting location to its customers.

Benefits

Provide services to rural communities in Bandera County

Improve services to Youth, Senior Citizens and the community

Offer recreational and exercise programs, arts/theatre events and other community events
