Benefits

Improve accessibility of services for customers

Making Things Happen

Partners:

USDA-Natural Resources Conservation Service

Health & Human Services

Small Business Administration

General Services Administration

Government agencies united to donate used computers to communities and organizations throughout the central and southwest part of Texas. This initiative is part of the National Partnership for Reinventing Government. The statewide program provided computer hardware to various nonprofit and community based organizations in Texas.

Nonprofits receiving computers included the American Indians in the Spanish Colonial Missions (AIT-SCM), Atascosa County Genealogical Society, Bandera County Regional Foundation, Helotes 4-H Club, Heritage Museum of the Texas Hill Country and Dinosaur Tracks, Dilley Public Library, Waring Volunteer Fire Department, Center Point Area Historical Preservation Society, New Berlin Volunteer Fire Department, Hondo Area Chamber of Commerce and the Longhorn Volunteer Fire Department.
